INTRALOT named preferred bidder by the State Lottery of Western Australia, Lotterywest

Following an international tender and a competitive process, INTRALOT Australia Pty Ltd., 100% owned by INTRALOT S.A., has been announced by Lotterywest, the State Lottery of Western Australia, as the preferred bidder for the provision of the new Lottery's Gaming Operations Solution, along with the necessary maintenance and support services. The project entails the supply and implementation as well as the maintenance and support of the integrated lottery system, based on INTRALOT's open architecture LOTOS™ O/S and CORONIS family of terminals. Final negotiations to conclude the details of the new contract are expected to be completed in the next few weeks.

INTRALOT, a public company listed on the ASE, is a leading supplier of integrated gaming and transaction processing systems, innovative game content and value added services to state-licensed gaming organizations worldwide. Its broad portfolio of products & services, its know-how of Lottery, Betting & Video Lottery operations, its experience in sports games and its leading-edge technology give INTRALOT a competitive advantage, which contributes directly to customers' efficiency, profitability and growth. INTRALOT's footprint straddles five continents with 37 subsidiaries, 8 business offices, 3,000 people and revenues of € 523 million for 2005 and €700(E) for 2006.
