SHAREHOLDERS

ARTICLE 7

Shareholders' Rights

1. The shareholders exercise all their rights with regard to the administration of the Company by participating in the General Meeting of the Company's Shareholders only.
2. The General Meeting, which is competent to decide on the regular increase of the share capital, in accordance with the provisions of paragraphs 3 and 4, article 130, and paragraph 2, article 132 of L.4548/2018, may authorize the Company's Board of Directors to decide on the increase of the price of disposal of the new shares or on the interest rate and on the way of determination thereof, in the event that the shares which are issued provide to their owners the right to receive

interest, within a deadline specified by the General Meeting of the Company's Shareholders which can under no circumstances exceed the period of one (1) year. In this case, the deadline for the payment of the share capital in accordance with the provisions of article 20 of L.4548/2018 starts as of the date when the decision of the Board of Directors was made, according to which the price of disposal of the shares or the interest rate or the way of determination thereof was determined, as the case may be. Such authorization is subject to publication.

3. In any case of increase of the Company's capital, which is not made by way of contribution in kind as well as in the case of issue of bonds convertible into shares, the shareholders of the Company at the time of issue of the new shares have a pre-emption right as regards the acquisition of all new shares or the participation in the bond loan, on a pro-rata basis, according to the number of shares they already own.

The pre-emption right should be exercised within the deadline set by the Company's body which decided on the increase. Such deadline can under no circumstances be less than fourteen (14) days, without prejudice to the provisions regarding deadline for payment of the share capital, as specified in article 20 of L.4548/2018. In case of paragraph 2 of article 25 of L.4548/2018, the deadline set for the exercise of the pre-emption right starts as of the date when the relevant decision of the Board of Directors was made regarding determination of the price of disposal of the new shares. After the expiration of such deadlines, the shares which have not been paid according to everything specified hereinabove, shall be disposed of by the Company's Board of Directors at its discretion at a price which cannot be less than the price paid by the shareholders at the time of increase. In the event that the Company's body which decided on the increase of the capital fails to set the deadline for the exercise of the pre-emption right, then such deadline or any extension thereof, is set upon decision of the Company's Board of Directors within the period of time specified in article 20 of L. 4548/2018.

The invitation regarding the exercise of the pre-emption right should also specify the deadline for the exercise of such right and is subject to publication by the Company in the Government Gazette. Without prejudice to the provisions of paragraph 2 of article 25 of L. 4548/2018, the invitation regarding the exercise of the pre-emption right and the notification regarding the deadline set for the exercise of the pre-emption right, according to everything specified hereinabove, may be omitted, provided that shareholders representing the entire share capital were present in the meeting and provided that they were notified of the deadline set for the exercise of the pre-emption right or declared that they have decided whether they shall exercise or not the pre-emption right. The publication of the invitation may be replaced by a registered letter, return receipt requested.

Upon decision of the General Meeting of the Company's Shareholders made in accordance with the provisions of paragraphs 3 and 4 of article 130 and paragraph 2 of article 132 of L. 4548/2018, the pre-emption right specified in article 26 of L. 4548/1920, may be limited or abolished. Such decision can only be made in the event that the Company's Board of Directors has submitted to the General Meeting of the Company's Shareholders a written report specifying the reasons why the pre-emption right should be curtailed or abolished and justifying the price which is suggested for the issue of the new shares. The

decision of the General Meeting is subject to publication. There is no case of exclusion from the pre-emption right, according to everything specified in the previous paragraph, when shares are taken by credit institutions or by companies providing investment consulting services, which are entitled to accept title deeds for safeguarding, according to everything specified in the previous paragraph, and in order to offer them to the shareholders, in accordance with the provisions of paragraph 1 of article 26 of L. 4548/2018. In addition, there is no case of exclusion from the pre-emption right, when the capital increase is intended to give employees a holding in the Company's share capital in accordance with articles 113 and 114 of L. 4548/2018.

The Capital may be increased, in part, by contributions in cash and, in part, by contribution in kind. In this case, the competent body which decides on the increase should declare that the fact that shareholders who contribute in kind do not participate in the increase, which is made by contribution in cash too, does not constitute an exclusion of theirs of the pre-emption right, if the percentage of contributions in kind in comparison to the entire amount of increase is at least equal to the percentage of share capital owned by those shareholders, who make the said contributions. In case of increase of the capital partially by contribution in cash and partially by contribution in kind, the value of contributions in kind should have been assessed, in accordance with the provisions of articles 17 and 18 of L. 4548/2018, before any relevant decision is made.

4. Upon decision of the General Meeting of the Company's Shareholders made, in accordance with the provisions of paragraphs 3 and 4 of article 130 and paragraph 2 of article 132 of L.4548/2018, a plan may be prepared for the disposal of shares to the members of the Board of Directors and to the personnel of the Company and of other affiliated companies as defined in article 32 of L.4308/2014, in the form of a pre-emption right (option), on the terms and conditions of such decision, while a summary of such decision is subject to publication. Persons who provide services to the Company on a regular basis can also be designated as beneficiaries in the above plan. The nominal value of shares, which are disposed of according to the provisions of this paragraph, can under no circumstances exceed one tenth (1/10) of the share capital, which was paid up on the date when such decision was made by the General Meeting of the Company's Shareholders. The decision of the General Meeting of the Company's Shareholders specifies that, in order to satisfy the legal requirements with regard to the pre-emption right, the Company will increase its share capital or will use shares, which are acquired or have been acquired by the Company, in accordance with the provisions of article 49 of L. 4548/2018. In any case, the decision of the General Meeting of the Company's Shareholders should specify the highest number of shares which may be acquired or issued, in the event that the beneficiaries shall exercise the above mentioned right of theirs, the price and the terms and conditions for disposal of the shares to the beneficiaries, the beneficiaries or the categories of beneficiaries and the method used for the determination of the price of acquisition thereof, without prejudice to the provisions of paragraph 2 of article 35 of L. 4548/2018, the duration of the plan as well as any other relevant term and condition. According to the same decision the beneficiaries or the categories of beneficiaries, the way of exercise of the pre-emption right and any other term and condition related to the plan for the disposal of shares. According to the terms and conditions of the plan, the

Company's Board of Directors issues for the beneficiaries who exercised their right certificates proving that they have acquired shares and every three months maximum, it delivers the shares which have already been issued or are issued and it delivers the shares to the above named beneficiaries, by increasing the Company's share capital, while it confirms the increase of the share capital. The decision of the Company's Board of Directors confirming the payment of the amount of increase should be made every three months, in deviation of the provisions of article 20 of L. 4548/2018. The provisions of article 26 of L. 4548/2018 do not apply to those capital increases.

Upon decision made, in accordance with the provisions of paragraphs 3 and 4 of article 130, and paragraph 2 of article 132 of L. 4548/2018, which is subject to publication, in accordance with the provisions of article 12 of L. of 4548/2018, the General Meeting of the Company's Shareholders is entitled to authorize the Company's Board of Directors to prepare a plan for the disposal of shares, according to the provisions of the previous paragraph, by increasing the share capital, if necessary, and by making all other relevant decisions. Such authorization is valid for five (5) years, unless the General Meeting of the Company's Shareholders shall determine that it is valid for a shorter period of time and that it is irrelevant to the powers and authorities of the Company's Board of Directors, specified in paragraph 1 of article 24 of L. 4548/2018. The resolution of the Company's Board of Directors shall be passed under the terms of article 113 of L. 4548/2018. The above do not apply where the plan for the disposal of shares has been included in the approved remuneration policy.

With respect to the disposal of shares to members of the Board of Directors and/or employees of the Company or its associated companies as defined in article 32 of L. 4308/2014 free of charge, the provisions of article 114 of L. 4548/2018 shall apply.
